

TOWNSVILLE CITY NETBALL ASSOCIATION INC.
<u>TCNAI LIVE SCORING POLICY</u>

Purpose

The purpose of this policy is to ensure all TCNAI run competitions abide by the Live Scoring policy. All officials (scorers), coaches, managers and players must follow the correct live scoring policy to ensure all competition results are true and correct.

Live Scoring Policy

1. Team listed first is responsible for Live Scoring. If the team listed first does not provide a scorer, the opposition team are to score manually and the team listed first loses the right to challenge the accuracy of the score. A scoresheet and pen can be obtained from the competitions desk.
2. Opposition is responsible for supplying a scorer to sit with the home team scorer. If they do not supply a scorer, they lose any right to challenge the accuracy of the score.
3. When scorers from each team sit together, they should work collaboratively to mark off each goal scored to avoid any dispute.
4. Competitions desk needs to be notified as soon as possible of any issues.
5. Scorers are asked to have a notepad and pen on hand (this can be obtained at the competitions desk if you would prefer not to provide yourself) in case of phone losing charge, connection problems etc. One scorer is expected to stay & keep score on paper while the second scorer reports the issue to the competitions desk.
6. Scorers are asked to screenshot the final score before ending match as proof of score should there be any issues/disputes with the final score appearing on Netball Connect.
